Professional Summary

Full Stack & Mobile Developer with 3+ years of experience building and maintaining scalable web and mobile applications. Proficient in Node.js, React, Next.js, Nest.js, Flutter, and PostgreSQL. Delivered high-performance solutions and optimized systems for greater speed and reliability. Proven track record of collaborating in Agile teams to deliver user-focused applications that meet business goals.

Work Experience

Software Engineer (Full Stack & Mobile Developer)

Ebixi – Hargeisa, Somaliland | 07/2024 – 07/2025

- Maintained and improved the Ebixi Flutter mobile app and backend services, supporting 50,000+ active users.
- Developed new features, optimized performance, and fixed critical bugs.
- Contributed to frontend (React/Next.js) and backend (NestJS/Node.js) projects.
- Designed and managed PostgreSQL databases and implemented scalable APIs.
- Worked closely with team members to ensure timely delivery of features.

Full Stack Developer (Freelancer)

Self-Employed – Hargeisa, Somaliland | 10/2023 – Present

- Delivered customized web solutions for clients, from design to deployment.
- Built full-stack applications using React, Next.js, Node.js, Express, MongoDB, and MySQL.
- Implemented Git-based workflows for version control and collaboration.
- Ensured client satisfaction through clear communication and iterative feedback.
- Owned end-to-end delivery for multiple client projects.
